SUBJECT No. 324.

The Suvarnavati project.

Mr. Venkatasamiah, Chamrajnagar Taluk.

Summary of discussion.—The Suvarnavati project, if undertaken, will bring a very large extent of land under irrigation, thereby increasing the material prosperity of the people and the Government revenue.

If an anikat is constructed between Dollipur and Halsur, more than 12,000 acres of land will thereby be irrigated. The project may be taken up early.

Reply of Government.—Will be enquired into.

SUBJECT No. 325.

A bridge across the Kapila at T.-Narsipur.

Mr. T. Krishna Rao, T.-Narsipur Taluk.

Summary of discussion.—A bridge may be constructed across the Kapila river at T.-Narsipur and toll levied, if necessary.

Reply of Government.—Will be taken up when funds are available.

SUBJECT No. 326.

An anikat across the Lokapavani near Gangavadi, Mandya Taluk.

Messrs. Lingannaiya and Parameswaraiya, Mandya Taluk.

Summary of discussion.—An anikat may be built across the Lokapavani river at Gangavadi so that wet cultivation may be extended in this arid region which frequently suffers from famine on account of the failure of rains. A suitable project may be devised to supply drinking water and improve the supply of water to wet lands. The project will be specially useful to the Nagamangala and Mandya Taluks. The *Vade Samudra* project will not benefit the Nagamangala Taluk.

Reply of Government.—Noted. The project will be again examined.

SUBJECT No. 327.

A Public Works Department Sub-Division office for Krishnarajpete.

Mr. H. Krishna Sastri, Krishnarajpete Taluk.

Summary of discussion.—A Public Works Department Sub-Division office may be located at Krishnarajpete, as there are channels extending over 110 miles, 4 principal anikats, many big tanks and important roads and bridges in the taluk.

Reply of Government.—Will be referred to the Chief Engineer.

SUBJECT No. 328.

Inspection by Amildars of annual repairs to channels.

Mr. Padmanna and Venkatasamiah, Nanjangud Taluk.

Summary of discussion.—The question of the inspection of the annual repairs to channels by Amildars with special reference to the Hullahalli *nala* may be finally disposed of this year.

Reply of Government.—Noted.

SUBJECT No. 329.

Extension of the Mandagiri and the Hemagiri *nalas*.

Messrs. H. Krishna Sastri and Soma Setti, Krishnarajpete Taluk; and Mr. A. Ramanna, Yedatore Taluk.

Summary of discussion.—The Hemagiri and the Mandagiri *nalas* may be extended.

If the channels are extended, about Rs. 3½ lakhs odd can be realised from contributions and from the sale of waste lands in a number of villages likely to be irrigated by the project. An increase of Rs. 40,000 can be expected in the wet assessment. The allotment in the current year's budget of Rs. 25,000 for the Mandagiri channel and of Rs. 10,000 for the Hemagiri channel is insufficient.
